Coastal Maine Pediatric Dentistry would love to be your child’s dental home. We offer a safe, comfortable, and friendly environment for your child to both have their first experience, and to serve them through their teen aged years. We have a beautiful, newly renovated, and state of the art facility to assist us in working with you to keep your child’s smile beautiful and healthy for years to come. We want to help them establish habits that lead to a lifetime of excellent oral hygiene.
